

ESS PEE EXPORTS

Manufacturer and Exports of Hosiery Garments

GOVERNMENT RECOGNIZED EXPORT HOUSE

WELCOME TO ESS PEE EXPORTS

ESS PEE EXPORTS is a manufacturer and exporter of knitted garments, located in Tirupur, the knitwear hub of India. We manufacture all types of knitwear for Men's, Women's and Children. Our products are Polo T-Shirt, Basic T-Shirt, Joggers, Shorts, Hoodie, Sweatshirt, Pyjamas, Tanktop, Camisoles, Skirt, Rombers, Jumpsuit etc...

About Us

ESS PEE EXPORTS established in 1992 by technocrat "Mr.N.PALANISAMY" who is having well experience in the field of clothing and fashion apparels. ESS PEE EXPOERS is one of the leading pioneers in the knitwear industries, Our Headoddice located in the hosiery town Tirupur and our Second Unit located in chennimalai.

We have to our credit a rich and varied experience of garments exports over USA, Germany, Netherlands, South Africa, Poland, UK and Switzerland through agency. Our valuable customer are KIK, PEPCO, AUCKERMAN, PEP&CO (UK), WOOLWORTH and MR PRICE.

Our Management

We have expertise in this area. The company exports a variety of hosiery items to numerous nations worldwide. The company is aware of how to get this assurance of quality supply and service. The Government of India Department of Trade and Commerce has granted our factory a "Government Recognized Star Export House" licence.

The licence is granted depending on the star export house's turnover. We now have a "3-star export house" star rating.

Strategy and Principle

With the RIGHT QUALITY, RIGHT PRICE,
AND FINALLY WITH RIGHT TIME DELIVERY,
we constantly to please the customer.

Pricing

Comparatively to our direct and indirect
competitors in and around India, our
price will be highly aggressive.

Knitting Division

Software controlled fabric engineering techniques are employed to set and monitor the fabric dimensions in knitting. We have imported knitting machines with various gauges and diameters to produce Jerseys, interlocks, Ribs, Mini jacquards, Auto Stripes and Electronic Interlock Jacquards.

Dyeing & Finishing Division

Our Dyeing division is fortified with high end supporting machines such as Compactors, Heat Setting Machines, Dryers, Slitting Machines, etc. We use only eco-friendly dyes and GOTS approved chemicals for dyeing process. We ensure mostly 100% organic printed woven and washed knitted fabrics, with the assurance that our customers too are 100% satisfied.

Printing Division

We are committed to develop, maintain, implement and continuously evolve with the quality management system of global standards. This is created by our hunger to judiciously integrate the services, technology, products, managerial practices, and human resources to ultimately achieve the standards of satisfaction, delights, and WOW-factor to a huge base of international customers.
